

- For medical and pharmaceutical facility radioisotope exhaust treatment

AU Type Incinerable Hi-Pac Filter Particle Filter

For Medical / Pharmaceutical Facilities

U SERIES HI-PAC FILTER

Model	PKAU-610-50
Test Method	Gravimetric
Arrestance Efficiency	80%+

Features

Compatibility: Arrestance efficiencies equivalent to standard, non-combustible filters

Standard Specifications

Model	Rated Airflow Volume (m ³ /min)	Initial Pressure Drop Max (Pa)	External Dimensions (mm)			Weight (kg)
			Height	Width	Depth	
PKAU-610-50	56	59	610	610	50	2

Component Materials / Usage Specifications

	Model	PKAU-610-50
Component Materials	Media	Polypropylene
	Frame	Plywood
Usage Specifications	Max. Continuous Operation Temperature (°C)	80
	Max. Peak Humidity (%RH at 0 Condensation)	100
