Increase Filter Service Life

Installation Procedures (Installing AeroFold Pre-Filters to CP Filters)

Install the CP Filter CP-9B to Standard Frame 4E-F and secure with filter spring (SP-B)

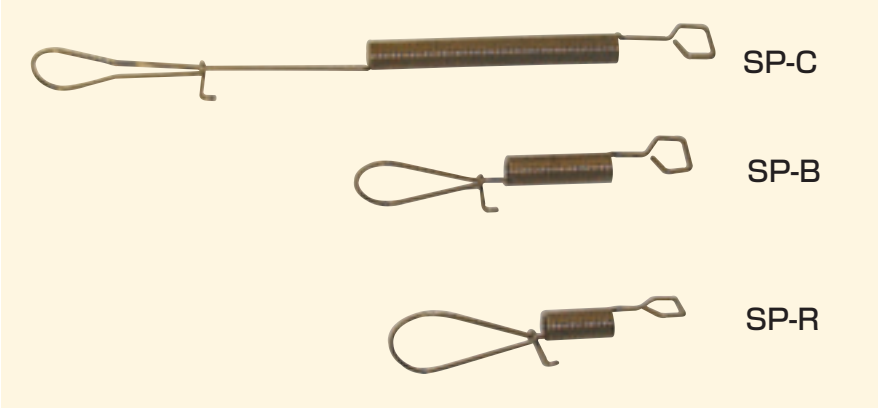
Attach the AeroFold Attachment Clip (APB-CP) to the CP Filter

Install AeroFold Pre-Filter

Installing AeroFold Pre-Filters to HEPA, Medium/High Efficiency and other filters can markedly increase filter service life

Filter Installation Adaptors

Filter Attachment Springs



Standard Specifications

Model	Applicable Filter Depth (mm)	Pieces Required	Material
SP-C	292	4	Stainless Steel
SP-B	150	4
